

Shining Star Families,

Welcome to the 2026-2027 school year! Here you will find our school supply lists. We encourage you to bring your child's supplies to our back to school orientation. This will allow our teachers to organize the supplies before the first day of school. We also welcome any supply donations throughout the year.

Please contact the school office if you have any questions. We are looking forward to serving you and your family!

K4/K5

Item	Quantity
Backpack (no wheels please)	1
Headphones with mic option (no earbuds please)	1
No. 2 Pencils	24

Highlighters	2
Notebook	5 (one per class, high school may need more)
Pens/pencils	20
Bible	1
Calculator	Middle school-basic scientific calculator High school-ACT approved (see below)

4-Function Calculators

Four-function, or "basic" calculators are designed with four main functions: addition, subtraction, multiplication, and division. Some basic calculators may include additional functions such as square roots and percentages.

Graphing Calculators

Graphing calculators offer capabilities such as plotting graphs, analyzing data, and performing complex mathematical functions like trigonometry and logarithms.

Scientific Calculators

Scientific calculators are equipped with advanced functions necessary for solving high-level math, science, and engineering problems. Some of these features include scientific notation, statistical and probability functions, built-in memory, and much more.

Modifications Needed for Certain Calculators

- ① **Calculators that can hold programs or documents:** Remove all documents and remove all programs with CAS functionality.
- ① **Calculators with paper tape:** Remove the tape.
- ① **Calculators that make noise:** Turn off the sound.
- ① **Calculators with an infrared data port:** Completely cover the port with heavy opaque material (e.g., duct tape).
- ① **Calculators with power cords:** Remove all power/electrical cords
